# What is citizenship by investment?

**Citizenship by Investment** is a process of obtaining a second passport by investing significant amount of funds. Such investments could be:

- non-refundable donation to the state that contributes towards the economic growth of the host country
- Investment in approved real estate projects.

Dual citizenship gives successful applicants the right **to live, work and invest in their host country**, while benefiting from the country's unique passport privileges. The unique advantages that come with second citizenship make it an attractive option for entrepreneurs and investors in search of **financial freedom**, and **families seeking better opportunities and a safer future**.
